► Le differenze fra **FAST** e **BEST** mastering: **FAST** viene effettuato in circa due ore a brano, di solito in digitale. **BEST** non ha una quantità massima di tempo e viene effettuato anche con tecnologia analogica hi-end. I formati audio accettati normalmente sono: Wav, Aiff, SD2 (stereo interleaved - fino a 24 bit / 96 Khz), CD Audio, Logic, Nuendo, Digidesign OMF, DAT Tape, Minidisc, MP3, K7, DDP. Accettiamo anche **STEM Studio mixes** (di solito Ritmica, Strumenti, Voci, soltanto con l'opzione **BEST** mastering). I brani vanno consegnati o spediti su CD-r, DVD-r, CD Audio, Hard Disk esterno, penna USB. Accettiamo e consegnamo i master anche via web (Wetransfer, Giga-mail, etc). Su richiesta esportiamo in **formato DDP** (opzionale).

Le tariffe a forfait **non comprendono restauri o editing** complessi delle tracce, che vengono effettuati e calcolati a parte con le tariffe seguenti:

RESTAURO, EDITING AUDIO

LUNEDI / DOMENICA	Fascia Oraria	Tariffa
TARIFFA	tra le 10 e le 20	26 € / h
