► Le differenze fra **FAST** mastering e **BEST** mastering: **FAST** viene effettuato in massimo due ore a brano, di solito in digitale. **BEST** non ha un numero massimo di tempo e viene effettuato con tecnologia analogica hi-end. I formati audio accettati comunemente sono: Wav, Aiff, SD2 (stereo interleaved - fino a 24 bit / 96 Khz), CD Audio, Logic, Digidesign OMF, DAT Tape, Minidisc, MP3, K7. Accettiamo anche Studio mixes **STEM** (di solito Ritmica, Strumenti, Voci - soltanto con l'opzione **BEST** mastering). I brani vanno consegnati o spediti su CD-r, DVD-r, CD Audio, Hard Disk Firewire/USB 2.0, Pendrive. Accettiamo e consegnamo i master anche via web (email, Giga-mail, Ftp), su richiesta. Le tariffe a forfait non comprendono restauri o editing complessi delle tracce, che vengono calcolati a parte con le tariffe seguenti:
